When danger appears in the wild, zebras form a protective circle around their young. The Zebra Child Protection Centre works the same way, bringing together a community of professionals to provide a continuum of support for children and youth who are victims of abuse.

Formed in 2002 as the first Child Advocacy Centre of its kind in Canada, the Zebra Child Protection Centre revolutionized how victims of child abuse were supported in our community. In 2017 the Zebra Child Protection Centre supported 1,609 children and provided 15,968 support services.
