

Zebra Child Protection Centre

Edmonton, Alberta

<http://www.zebracentre.ca/>

Edmonton's Zebra Child Protection Centre works to improve the life experiences of children who have suffered abuse in our community. The Centre does this through providing a collaborative and integrated environment; developing and implementing leading practices; providing support to the child and family throughout the processes of disclosure, investigation, intervention and prosecution - each applied to appropriately address the best interests of each child. Our multi-disciplined group includes: child support community volunteers, the Child at Risk Response Teams, Edmonton & Area Child & Family Services Specialized Investigators, Crown Prosecutors, Edmonton Police Service - Child Protection Detectives, mental health providers (off site) and the Stollery Hospital Child & Adolescent Protection Centre medical professionals (off -site).
